## Tell Me a Bedtime Story In a Painting or Sculpture

Did you know that many of the classical fairy tales were a bit too risqué or politically incorrect in their original form; and were not suitable as stories to be told to children? Over time, these tales have transformed to accommodate the daintier listeners - but what we are looking for goes back into time to the original stories of lore. The challenge for the adult entries are to paint or sculpt a classical fairy tale as it was originally represented centuries ago. Need help in finding a topic for inspiration? [Click here for a list of classical stories to help you on your journey.](#) For our children artists, let's keep it clean and cute for your entries. Children may enter artwork for free if their parent is also entering artwork into the show.
